

## **General English Programme**

This programme is designed to be effective, stimulating and practical. The content of this course is tailored to the individual(s), following a detailed needs analysis and language assessment.

General English programme aims to improve the students' receptive (listening, reading) and productive skills (speaking and writing) as well as develop strong command in grammar, vocabulary and pronunciation. All the materials are carefully selected to meet the clients' needs and are primarily focused on everyday situations that require good English communication skills such as travelling, booking and renting accommodation, doctor's appointment, obtaining driving license, banking, shopping, etc.

Various individual tuition forms are available, including:

Crash course - 2 hours per day (10 -12 hours per week)

Intensive course – 3-4 hours per week.

Semi-intensive – 2 hours per week.

It can be one-to-one course or a group of maximum 4 students when taught online. The course is suitable for all levels including proficiency.
